

## **Scholar's Award Essay Contest Submission**

By Chase Kober

Honorable Mention, third grade

Janet Prassl, teacher

When I go outside I feel the soft and moist grass and I feel the rough tree bark, also a little bit of food when I eat it at the picnic. I hear the wind and the train going by. I also might hear the leaves of the trees and some birds chirping and maybe they are singing a song. I also hear some laughter of my family. I see the nice green leaves on the tree and maybe a river. I also see some animals like deer, birds, and maybe some fish from the river.

What it makes me feel is like I am in heaven. With my family makes me feel safe and with my dog makes me feel good. I also see hot air balloons and barns. I also hear the river splashing and the deer running through the leaves.

I really enjoy living in Franklin Township.
